

# RIOPAK ENGINEERS

## CONTACT PAGE BLUEPRINT

Orange + white dominant visual system • dark industrial imagery as contrast

### DESIGN DIRECTION

**Make the Contact page feel like a high-energy engineering control room: bright Riopak orange, clean white space, black industrial photography, oversized condensed typography and strong editorial blocks. Orange is the action color, white carries clarity, and black frames cinematic machinery moments.**

### CORE GOAL

The page should feel like the beginning of an engineering conversation, not a generic contact form. Keep the same visual DNA as the Riopak homepage while making enquiry actions extremely clear.

# 01 — PAGE ARCHITECTURE

Recommended complete Contact page flow.

|    |                               |                                             |
|----|-------------------------------|---------------------------------------------|
| 01 | CINEMATIC CONTACT HERO        | Large orange/white statement over machinery |
| 02 | CONTACT FORM + DIRECT CONTACT | Bright form paired with dark contact panel  |
| 03 | WHY CONTACT RIOPAK            | Orange/black benefit strip                  |
| 04 | TELL US ABOUT YOUR PROJECT    | Requirement selector                        |
| 05 | VISIT / LOCATION              | Facility or office visual                   |
| 06 | FINAL CTA                     | High-contrast orange conversion moment      |
| 07 | FOOTER                        | Same global footer                          |

## COLOR RATIO

**White/light ~45% • Black/dark imagery ~35% • Riopak orange ~20%.** Orange should be highly visible but deliberate.

## 02 — 01 — CINEMATIC CONTACT HERO

Make the first screen immediately recognizable as Riopak.

---

### LABEL

CONTACT RIOPAK ENGINEERS

### HEADING

# LET'S BUILD THE RIGHT PACKAGING SOLUTION.

### ACCENT

# SOLUTION.

### COPY

Tell us about your product, pack format and production requirements. Our team can help identify the right Riopak solution for your production line.

### CTA

TALK TO OUR TEAM ■

### VISUAL

Full-width filling, weighing or VFFS machinery image/video. Keep the left side darker for typography and the machine stronger on the right. Add a subtle black overlay.

### TYPOGRAPHY

Use the same huge condensed uppercase display typography as the homepage. White/off-white main type, with one short phrase in Riopak orange.

### MOTION

Navigation reveals first. Hero heading reveals line-by-line, then copy and CTA. Machinery moves slowly behind the text on scroll.

# 03 — 02 — CONTACT FORM + DIRECT CONTACT

Make the actual enquiry interaction the clearest part of the page.

LEFT / WHITE PANEL

## WE ARE HERE TO HELP.

Fill out the form and our team will connect with you regarding your packaging, filling or weighing requirement.

FIELDS

|                               |                             |
|-------------------------------|-----------------------------|
| FULL NAME *                   | Input / dropdown / textarea |
| COMPANY NAME *                | Input / dropdown / textarea |
| EMAIL ADDRESS *               | Input / dropdown / textarea |
| MOBILE NUMBER *               | Input / dropdown / textarea |
| INDUSTRY / APPLICATION        | Input / dropdown / textarea |
| PRODUCT INTEREST              | Input / dropdown / textarea |
| PACK FORMAT                   | Input / dropdown / textarea |
| PRODUCTION REQUIREMENT        | Input / dropdown / textarea |
| YOUR MESSAGE / REQUIREMENTS * | Input / dropdown / textarea |

BUTTON

SUBMIT ENQUIRY ■

RIGHT / DARK PANEL

## RIOPAK ENGINEERS

Show only verified Riopak address, phone, email and working hours. Use a subtle map/location texture behind the panel.

BUTTON RULE

Full orange button with white condensed uppercase text. On hover, slightly darken orange and move the arrow 4–6px.

# 04 — 03 — WHY CONTACT RIOPAK

Turn the usual contact section into a visual engineering proposition.

**LABEL**

WHY CONTACT US

**HEADING**

## THE RIGHT SOLUTION STARTS WITH THE RIGHT CONVERSATION.

|    |                                                          |
|----|----------------------------------------------------------|
| 01 | Share your product, pack format and production goals.    |
| 02 | Study the requirement and suggest the right direction.   |
| 03 | Build the configuration around the application.          |
| 04 | Engineering and testing focused on dependable operation. |
| 05 | Technical service and spares support.                    |

**VISUAL RULE**

Orange line icons + thin orange dividers. White heading with the final word in orange. Keep this as a high-impact black/orange moment.

# 05 — 04 — TELL US ABOUT YOUR PROJECT

Give serious buyers a fast way to communicate what they need.

HEADING

## WHAT ARE YOU LOOKING TO PACKAGE?

COPY

A short requirement selector reduces back-and-forth and makes enquiries more useful.

|                     |                                              |
|---------------------|----------------------------------------------|
| PRODUCT TYPE        | Powder / Granule / Liquid / Other            |
| PACKAGING FORMAT    | Pouch / Bottle / Jar / Other                 |
| FILLING OR WEIGHING | Filling / Weighing / Both / Unsure           |
| PRODUCTION GOAL     | Current output / Target output / Not decided |
| AUTOMATION LEVEL    | Manual / Semi-automatic / Automatic / Unsure |

INTERACTION

Use large selectable rows with orange hover/active states. Mobile uses full-width touch-friendly rows. Only include product and pack options confirmed by Riopak.

## 06 — 05 — VISIT / LOCATION

Make the physical business feel real and established.

---

### LABEL

VISIT RIOPAK

### HEADING

## SEE ENGINEERING IN ACTION.

### COPY

Invite prospects to visit only if Riopak confirms visits are available. Use verified location details only.

### LAYOUT

Split section: clean white/orange content on one side and a large facility photograph or verified location visual on the other. Add an orange map marker and GET DIRECTIONS ■ only when a verified map link exists.

### PROOF

Verified facility, team or machine figures may appear as small proof points. Never invent statistics.

## 07 — 06 — FINAL CTA

Finish with an orange-forward conversion moment.

---

### BACKGROUND

Predominantly Riopak orange with a subtle dark machinery texture/image at low opacity. This is the strongest orange field on the page.

### HEADING

# READY TO TALK PACKAGING?

### SECONDARY LINE

# LET'S BUILD THE RIGHT SOLUTION.

### COPY

Tell us what you need to fill, weigh, seal or package.

### BUTTONS

GET A QUOTE ■ • CONTACT OUR TEAM ■

### BUTTON STYLE

Primary: white background + black text. Secondary: transparent + white border. Buttons become the focal points against orange.

### MOTION

Large heading reveals line-by-line. Background machinery moves subtly. Buttons appear after the heading.

## 08 — 07 — FOOTER + GLOBAL RULES

---

### FOOTER

Keep the exact global footer structure established on the Riopak homepage: branding, Packaging & Processing tagline, navigation, products, address, phone, email and legal links.

### ORANGE

Use orange for labels, active navigation, CTA buttons, arrows, icons, borders, selected states and short typography accents. Do not use orange for long body copy.

### WHITE

White/light backgrounds dominate the form and information sections. Use generous whitespace.

### BLACK

Black frames cinematic machinery and high-impact editorial sections. Use real industrial photography rather than empty black blocks.

### MOTION

Match the homepage: line-by-line heading reveals, staggered cards, subtle parallax, clip-path reveals and controlled hover movement. Do not animate every element.

### FORM UX

Required-field validation, clear errors, success confirmation and accessible labels. The form must remain usable without animation.

### SEO TITLE

Riopak Engineers | Contact Packaging & Processing Experts

### META DESCRIPTION

Contact Riopak Engineers for packaging, filling and weighing machinery solutions tailored to your product, pack format and production requirements.

### FINAL RULE

**No fake testimonials, fake statistics, invented certifications or unverified service promises. Contact and location details must use confirmed Riopak business data.**
